OUR MISSION

Epic Plastics sets the standard in quality landscape edging products, making them exclusively from recycled plastics. Our products continue to be the professional landscaper's choice for high-quality edging solutions and are widely used in the do-it-yourself market as well.

Epic Plastics' commitment to our environment is crucial to our success and sets us apart from our competition. Our products are made from recycled plastic feedstock. Those milk, shampoo, and laundry detergent bottles you put out on the curb for recycling, are the materials that make Epic Plastics' products!

Our commitment to manufacturing environmentally friendly products doesn't stop at recycling, we also don't burn fuels to make our products. Epic Plastics' equipment is powered by electricity and releases zero carbon emissions during the manufacturing process. Today, we've saved over 200 million pounds of post-consumer plastic from landfills and continue the journey to a sustainable future. All of Epic's edging products are LEED approved giving your project the boost it needs to go from Gold to Platinum!

PROUDLY MADE IN THE USA EXCLUSIVELY WITH RECYCLED PLASTIC

EXPERIENCE **EPIC** | RECYCLED LANDSCAPE EDGING

Epic Plastics products continue to be the professional landscaper's choice for high-quality edging solutions and are widely used in the do-it-yourself market as well.

BENDA BOARD® | CREATE ORGANIC CURVES & SHAPES

Epic Plastics' BENDA BOARD® has become one of the most preferred edging solutions for both professional landscapers and homeowners. Made exclusively with recycled plastic, Benda Board provides a durable edging solution while retaining flexibility for creative landscape designs. Invented as a superior alternative to natural wood edging, Benda Board will not rot or splinter.

OUR RECYCLING STORY

Since 1997 Epic Plastics has set the standard for recycling in California, creating high quality and environmentally friendly landscape products from post consumer recycled plastics. Epic Plastics converts over 150 million shampoo, milk and other HDPE #2 bottles into premier products, including recycled Benda Board®, diverting over 15 million pounds of post consumer plastic from international landfills each year. Epic Plastics produces over 11 miles of Benda Board® daily and continues to set the standard for landscape edging products.

Landscape contractors and homeowners can find Epic Plastics' products in over 750 professional landscape and irrigation supply houses throughout the United States.

Epic Plastics is a division of Basalite Concrete Products, a subsidiary of the Pacific Coast Building Products family of companies.
